

Welcome to Lilypad in The Park

Lilypad in The Park, located at Hoe Road recreation ground, has been open since January 2017, and is a five minute walk from our other setting which is based in Bishops Waltham Infant School.

It is a beautiful setting, with lots of outside space, meaning the children have ample opportunity to engage in messy play in the mud kitchen, and enables us to explore nature. We also enjoy growing flowers and vegetables and have access to the park for play, and the moors for muddy walks and exploring.

The indoors areas offer free flow play, enabling children to grow and develop in line with the Early Years Foundation Stage. It also offers access to resources which allow children to be independent and creative, and learn to interact and cooperate with their peers.

Staff at Lilypad are well qualified and have a wealth of experience in working with children.
